

The Manchester to Buxton Railway Line was completed in 1863. Imagine the journey back then. **SKETCH HOW YOU THINK THE VIEW MIGHT HAVE LOOKED IN THE WINDOW BELOW.**

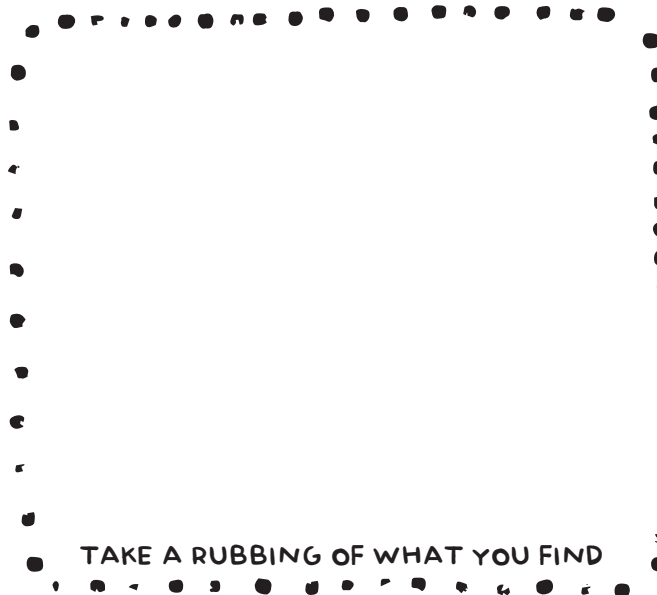

DESCRIBE HOW THE THINGS YOU SEE, HEAR, AND FEEL CHANGE ON YOUR JOURNEY. As you travel, observe how the scenery along the train line changes.

- ♥ What colours stand out?
- ♥ Are there more fields or gardens?
- ♥ How are the buildings constructed?

LOOKING THROUGH THE WINDOW AGAIN, THIS TIME SKETCH THE FUTURE: what will be different? what will be the same? what could you add?

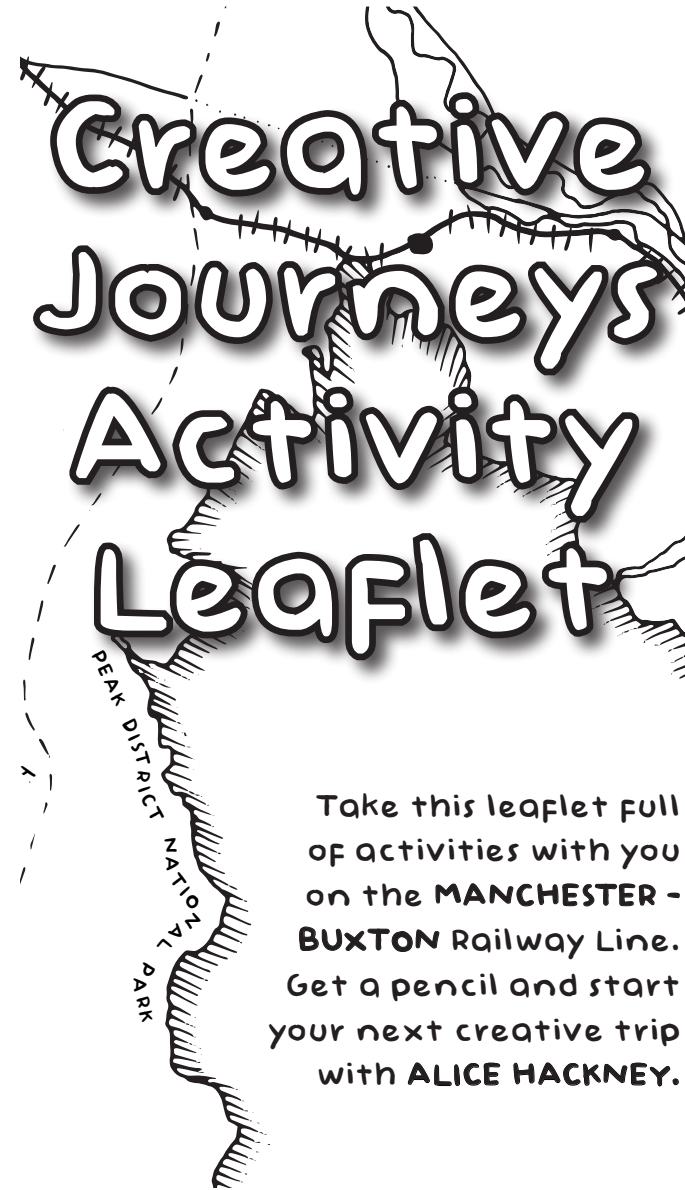

If you look closely, you'll find many textures and patterns on the platforms and trains. Some are there to help people access the railway, like the bumpy floor that shows where the platform edge is. **CAN YOU SPOT ANY TEXTURES ON YOUR JOURNEY?**
